Alexandria, VA 22313-1450

Sir:

The owner, Electric Power Research Institute, Inc., assignee of the entire 100% right, title and interest in and to the above identified application by virtue of an assignment which was recorded on October 10, 2000 at reel 011227 frames 0001 hereby disclaims the terminal part of any patent granted on the above identified application that would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 to 156 and 173, as presently shortened by any terminal disclaimer, of prior U.S. Patent No. 6,396,892 B1, which issued on May 28, 2002. The owner hereby agrees that any patent so granted on the above identified application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the above identified application and is binding upon the grantee, its successors, and assigns.

In making the above disclaimer, the owner does not disclaim any terminal part of any patent granted on the above-identified application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 to 156 and 173 of prior U.S. Patent No. 6,396,892 B1, as presently shortened by any terminal disclaimer, in the event that said patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
